COOL CARS!

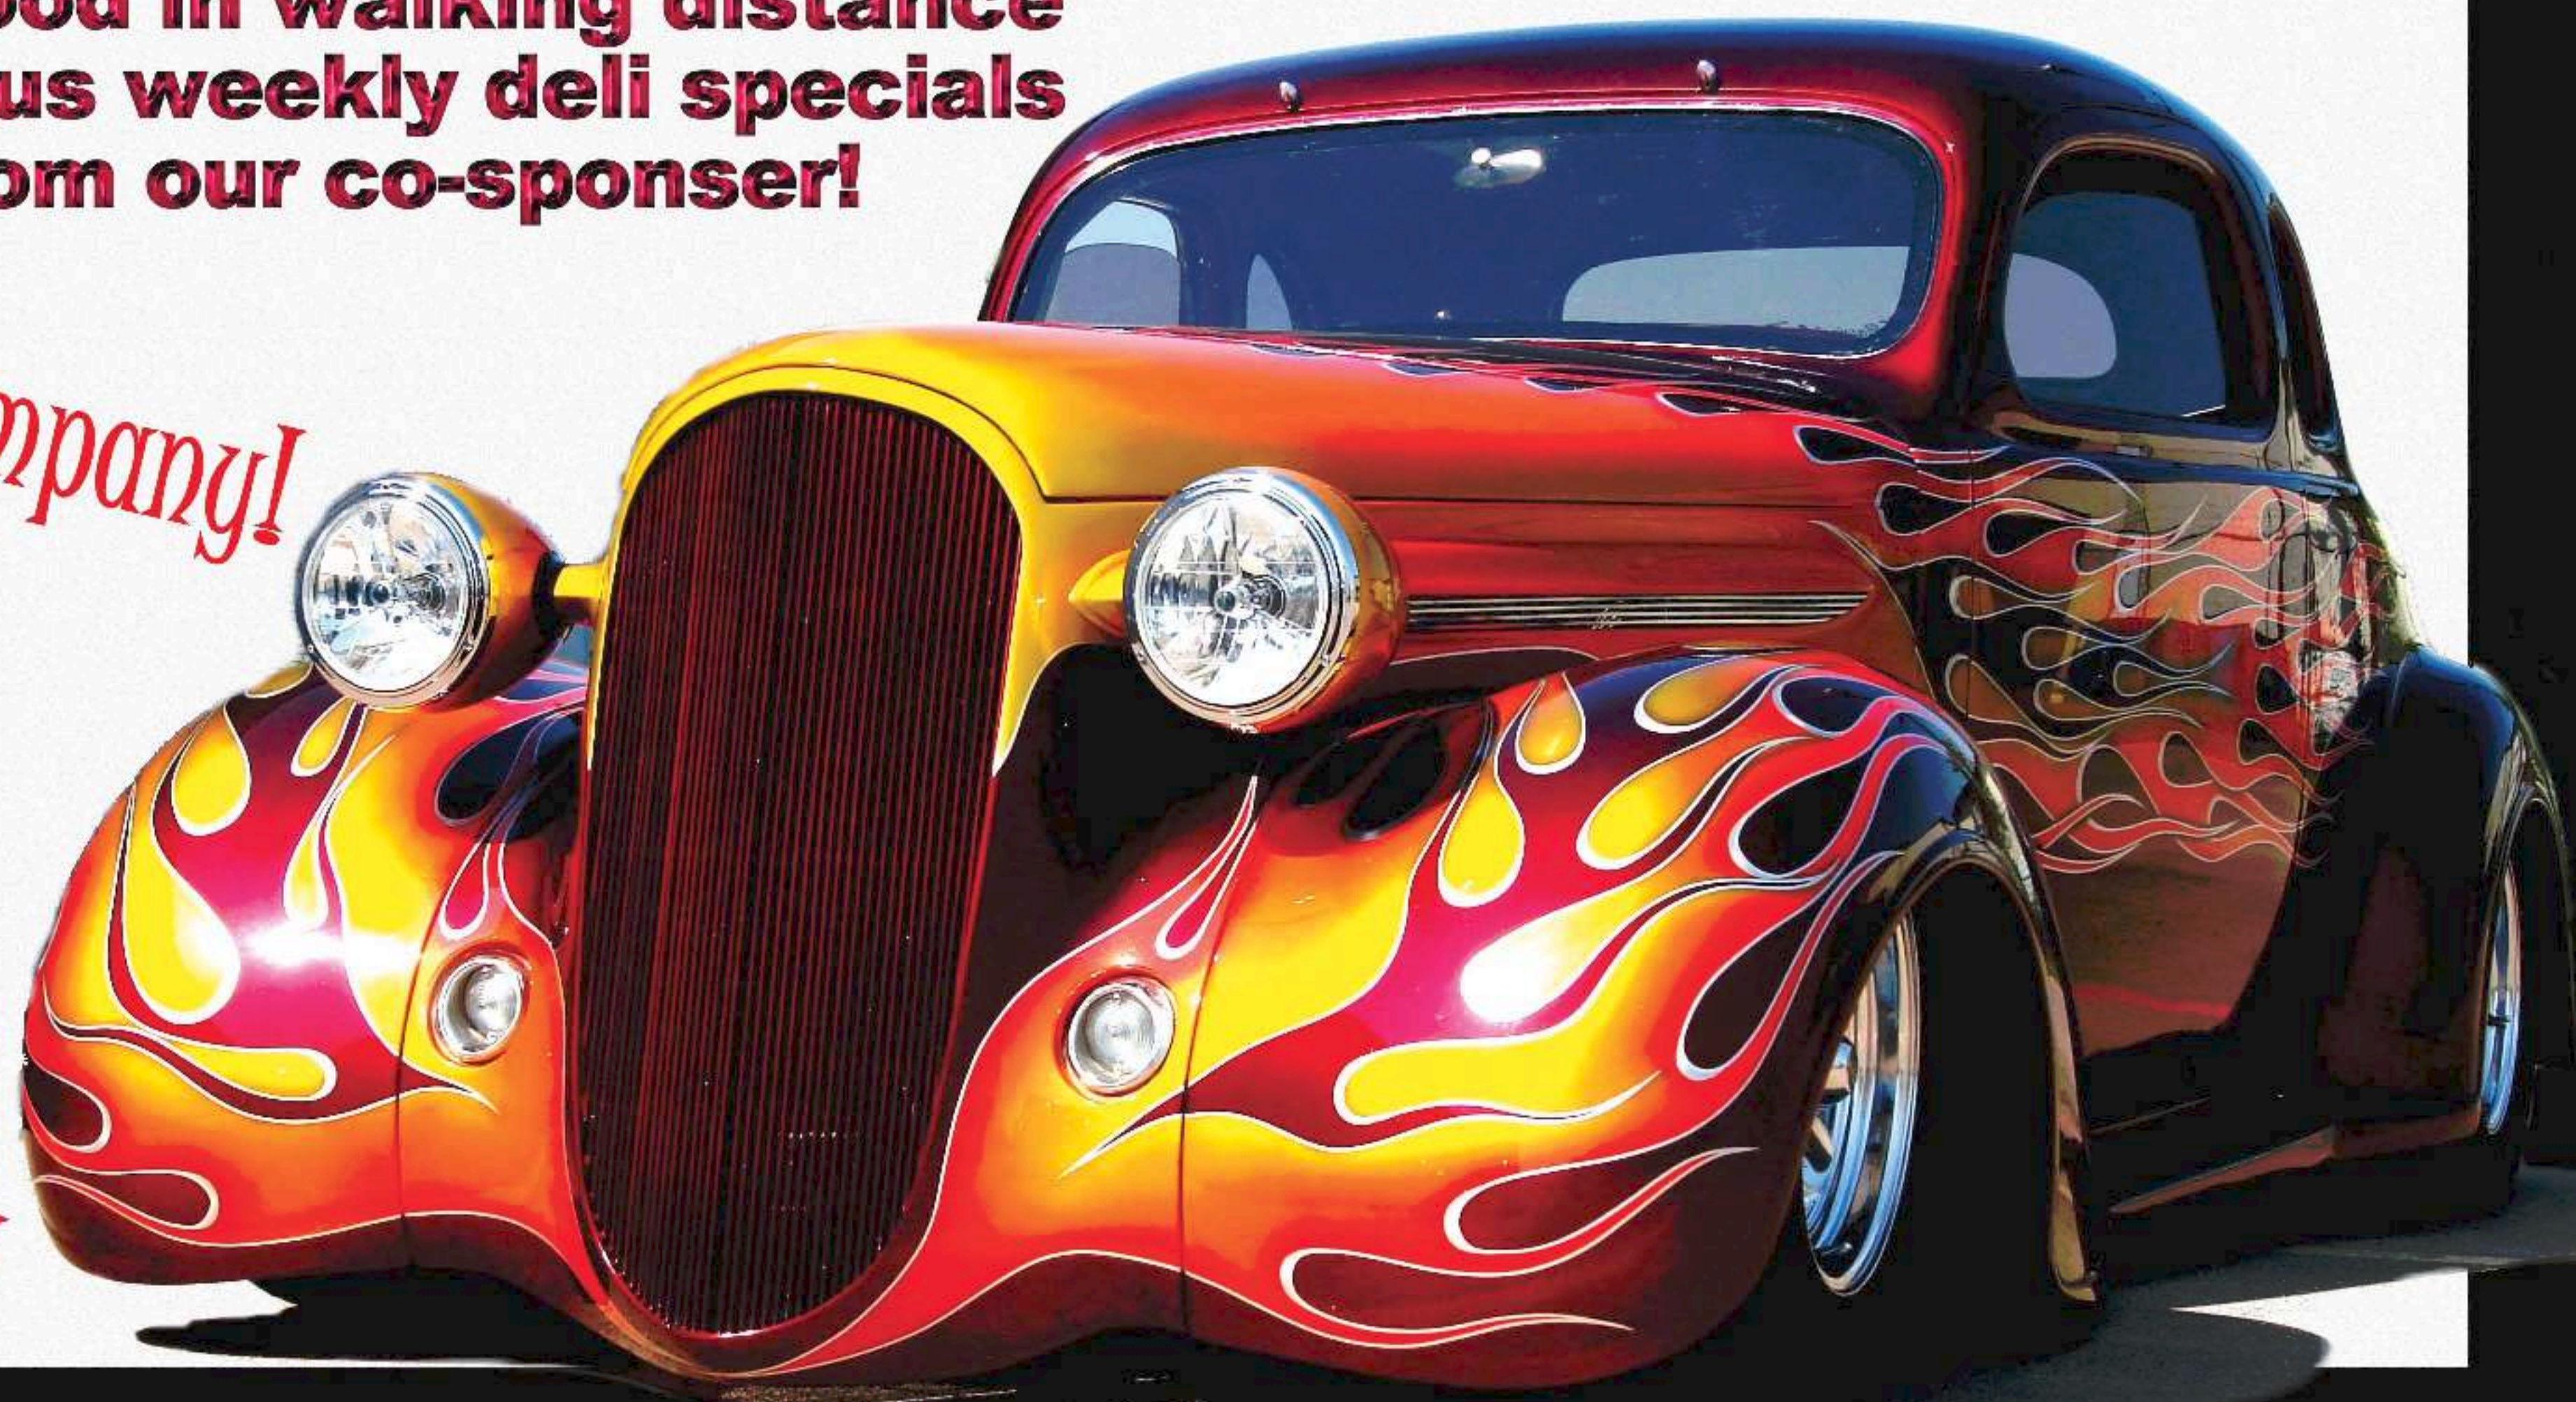

**Food in walking distance
plus weekly deli specials
from our co-sponser!**

Great company!

Music!

Good Food!

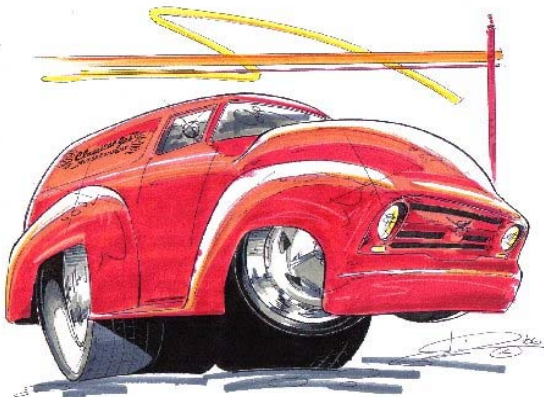

Nostalgia Nights "Event Guidelines"

This is a weekly free event for the Classic Car community that is put on by Classical Gas Enterprises and co-sponsored by Albertsons. It is a family event meant for everyone to enjoy the beautiful cars and each others company. We play old Rock & Rock music with a little new stuff mixed in.

In an effort to keep it going strong, we are asking for your support by simply keeping the following guidelines in mind.

-  Only one parking space per car!
-  Be courteous of your fellow car enthusiast!
-  If you bring children or pets, please keep them under your watchful eye! And clean up behind your pet!
-  Drive carefully. There are a lot of kids and people around!
-  Please do not leave trash behind! If we leave a mess, we won't be welcome back!
-  No saving parking spots. Parking is first come first serve basis
-  No burn outs or reckless driving! If you want to race, go to the race track
-  No "For Sale" signs in cars. This is not a swap meet!
-  No vendors or solicitation. Again, this is not a swap meet!
-  Smoking only allowed at a distance 50ft away from building per Texas Penal Code.
-  No Glass containers are allowed.
-  No distributing Flyers without permission from Classical Gas!
-  This is a Classic Car event. (1972 & Older) Late model cars are welcome as long as there is sufficient parking available. Please see 1972 & Older Rule.

With your help, we can keep this cruise going for a long time!

Sincerely,

Cris & Sherry Lofgren

Classical Gas Enterprises

Nostalgia Nights is a free weekly event intended for the Classic & Antique Car hobbyist. We define a Classic Car as being a car manufactured in 1972 or prior.

We welcome later model muscle and custom cars when the turn out of the Classic Cars allows for plenty of extra parking. However, on those occasions when the turn out of Classic Cars is so large that there simply is not enough extra parking, we will be enforcing the 1972 or prior rule.

Again, we welcome the later model cars coming out and hope that you be understanding on those few Friday nights when we do have to ask you to park in another area of the shopping center parking lot. And even on those nights it will probably only be for less than a half hour or so.

On that note: Parking in the lot that is directly in front of Albertsons by the Cruise- In is prohibited at all times for participants and visitors. We must respect the customers of our Co-Sponsor and their ability to park close to the store.

*Thank You,
Cris & Sherry Lofgren*

Your cooperation insures that the event will be welcomed by everyone!
